ACHIEVEMENTS

- Medal of Excellence from the Custodian of the Two Holy Mosques, King Salman bin Abdulaziz, may Allah protect him, during his tenure as Minister of Defense, in recognition of excellence and outstanding performance.

PROFILE

A former officer in the Royal Saudi Air Force with more than 16 years of experience, during which I held several leadership positions. I then moved to managing my own private project for seven years, where I was fully responsible for supervising all stages of the project. In the third phase, I work as an independent Strategy Development Consultant, accredited by the Ministry of Human Resources and Social Development since the beginning of 2025 until the present, providing professional consulting services to job seekers and to employees seeking to develop their career paths. I strengthened my experience at each stage with more than 200 accredited local and international professional certifications. I aspire to join a professional work environment where I can contribute my expertise to achieving the organization's vision and mission.
